# ASSIGNMENT BAGS

In an increasingly complex technical world there remains the need for human intelligence. People and equipment must be moved over extended distances and sometimes for extended periods of time. This year Outrider Tactical are releasing a number of solutions combining flexibility with functionality to address the issues identified.

## 100L ASSIGNMENT BAG

Our largest assignment bag is designed for sustained assignments away from home. Multiple external and six internal zip pockets provide numerous secure options for the packing and organisation of various items of kit. The main top opening has a long curved zip providing a large opening for easy access to the voluminous interior. Reinforced base with stiffener and reinforced end panels ensure the durability of the product. Various carry handles, drag handles and an adjustable comfort pad shoulder strap are provided for comfortable ease of movement and carriage.

## 70L ASSIGNMENT BAG

Our middle of the range assignment bag offers a very useful feature packed bag for assignments and travel away from home. Having the same form and design features as the larger 100ltr assignment bag this bag has proved popular with our development team for it's versatility and capacity. The 70ltr capacity loaded, offers a good balance between capacity and weight offering a favourable option for transfer between vehicles and or accommodation for example.

## 40L ASSIGNMENT BAG

It quickly became apparent to our designers that a smaller bag in the assignment range offered the opportunity to provide a bag suitable for carry on use on aircraft. The 40ltr assignment bag utilizes a narrower, vertical format to be carried comfortably next to the body. It maintains the same features as the other members of the assignment bag range with multiple pockets, long curved main zip, and multiple handles placed about the bag for easy and convenient carriage options.

## DEALER REQUEST

### HOW TO BECOME A DEALER

Selected retailers profit from attractive wholesale conditions. To start the process of becoming a registered dealer with us, please complete our online dealer application form at: **outrider-tactical.com** Describe your business activity in detail as this is an important decision criterion for setting up an account.

A wholesale account is only available for retailers with appropriate infrastructure (brick-and-mortar shop or well-organized webshop) and authorization by the local authorities. Business activity has to be pursued full-time, and the product line must contain quality goods that are largely available from stock. We do not sell to any dealers conducting business out of their residences. Associations, martial arts schools and gyms, security companies, event and course organizers, drop shipment businesses, surplus dealers and other unrelated industries don't qualify for a wholesale account. Authorized retailers must be able to maintain competent advice to customers and aftersales services including technical first-level support.
